85/90 mm

Bending radius
240 - 500 mm

Travel length
up to 1500 m

Travel speed
up to 10 m/s

Travel acceleration
up to 50 m/s²

Siteband design
H-Strap
(closed system/linear forces)

Additional load
up to 100 kg/m

WHY OUR HEAVY DUTY SERIES IS REALLY HD

- » Reinforced stop dog-system
- » Able to transmit huge push pull forces

Self cleaning and ice breaking surface

- » Bigger and more solid due to reinforced bolt hole connections
- » Less wear and chain elongations

Integrated shock absorbers for smooth and more solid run
